

## Work

Kash Doll

You wanna see me  
Do me durty?  
Baby bend me over I can make this pussy work  
U been itchy itchy huh just pull up my skirt!  
I snatch ya baby daddy every time he make it squirt  
And if he say work work work my body  
My nigga ion do this shit for every body  
This tongue is yo admission to this private party  
Enough of this talking nigga let's get naughty say

I heard your stroke was righteous  
What you waiting for I been ready for u to bite this...  
I'm the nices guaranteed you will never find another one that's  
like this

Daddy gotta be worth like four point three to fuck with me  
He gotta tripple that if he wanna be stuck with me  
Now I anit saying that the nigga gotta sponsor me  
But damn can't a bitch wanna live comfortably  
Cause ya know I'm kinda into fashion  
I can turn this ass into cash who's laughing  
I can make my self available but who's asking  
Cause u know my time is limited I'm multitasking  
Now its time to go to work!...
