

About Us

Kaskade

I stole your CDs, you stole my ID
You hate leaving, why you keep calling me?
All the things that you say, what a waste
You're breaking trust
How dare I care
You never were all about us

I stole your CDs, you stole my (I stole your CDs)
I stole your CDs, you stole my (I stole your CDs)
I stole your CDs, you stole my (I stole your CDs)
I stole your CDs, you stole my (I stole your CDs)

You don't give a damn
About us
You just wanna talk
About you

Late at night and we go then we don't
Then we fall out of love
You are sure immature
And I wanna tear it apart

I stole your CDs, you stole my ID, ID

I stole your CDs, you stole my (I stole your CDs)
I stole your CDs, you stole my (I stole your CDs)
I stole your CDs, you stole my (I stole your CDs)
I stole your CDs, you stole my (I stole your CDs)

You don't give a damn
About us
You just wanna talk
About you
You don't give a damn
About us
You just wanna talk
About you

I stole your CDs, you stole my ideas
