

Call Out

Kaskade

And I turn the lights
I turn the covers
I go through the motion
I call out, call out

Another ceiling
I imagine places
I, I'd rather be
I, I slip away
As I call out, call out

(Call out)
Go through the motion, I
(Call out)

(Call out)
Go through the motion, I
(Call out)

(Call out)
Go through the motion, I
(Call out)
Go through the motion, I

(Call out)
(Call out)
Go through the motion, I
(Call out)

When I hurt
I go to the place
I close the curtain
I watch the ceiling
As I call out, call out

It's only moments that
Stand between
As I hear the clock
I feel the motion
As I call out, call out
Call out, call out

Call out
Call out
Call out
Call out
