

## Can't Be Without

Kaskade

Be without, be without, be without, be without  
Can't be without your love

Be without, out; out, out  
Be without, out; out  
Be without, out; out, out  
Be without, out; out

Be without, can't be without  
Be without, can't be without  
Be without, can't be without  
Be without, can't be without  
Can't be without, can't be without  
Can't be without, can't be without  
Can't be without, can't be without  
Can't be without, can't be without  
Can't be without, can't be without  
Can't be without, can't be without  
Can't be without your love

Be without, out; out, out  
Be without, out; out  
Be without, out; out, out  
Be without, out; out  
Be without, can't be without  
Be without, can't be without  
Be without, can't be without  
Be without, can't be without
