

# Chains

Kaskade

Running out of ways to run away  
I cover it up but I can't escape  
Heavy are the words that fail to save  
I'm free of love but I'm still in chains

I'm free of love but I'm still in chains  
Free of love but I'm still in chains  
Hit rock bottom, my doubts won  
But I'm not done  
I'm free of love but I'm still in chains

Living in the light of someone else  
Eerie are the lies I tell myself  
Stood at the golden gates of hell  
I climbed too high and I fell

I'm free of love but I'm still in chains  
I'm free of love but I'm still in chains  
Hit rock bottom, my doubts won  
But I'm not done  
I'm free of love but I'm still in chains
