Cold December

Kaskade

Decemeber, seventeen
I'm waking up with your dream
Stepping up across the streets
Missing us familiar scenes

Can't see you, I'm gonna find
In this cold decemeber night
Weekness won't define
My heart beats for your life

Ooh, ooh
Ooh, ooh-ooh

Walk in to your door
Look all this nights have done before
This time, please believe
My heart is here won't ever leave

Can't see you, I'm gonna find
In this cold decemeber night
Weekness won't define
My heart beats for your life

Ooh, ooh
Ooh, ooh-ooh

My heart beats for your life [x4]
