

# Disarm You

Kaskade

Let me disarm you  
I'm not trying to own you  
I just wanna know what it feels like  
To have your body so close

Let me absolve you  
Of the past that controls you  
I just wanna know what you look like  
Without a weight on your soul

I know somewhere we could get away  
If you wanna find another place, love  
Disappear and never leave a trace  
I'll take you anywhere you want

So let me disarm you  
There's an army I'm fighting around your heart  
Let me disarm you  
'Cause baby I just want to love who you really are  
Who you really are

So let me disarm you  
So let me disarm you

Spoken in silence  
Blazing like sirens  
I can bring you out of the darkness  
Into the fiery light

I know somewhere we could get away  
If you want to find another place, love  
Disappear and never leave a trace  
I'll take you anywhere you want

So let me disarm you  
There's an army I'm fighting around your heart  
Let me disarm you  
'Cause baby I just want to love who you really are  
Who you really are

So let me disarm you  
Let me disarm you

So let me disarm you  
There's an army I'm fighting around your heart  
Let me disarm you  
'Cause baby I just want to love who you really are  
Who you really are  
Let me disarm you
