

I've been looking through these pages
Tryna wrap my head around
Why this story's reading backwards
Without feeling overwhelmed

But this dry ink
Doesn't set in stone what I think
I'm tryna read you
Read you
It's just a quick hint
On the way you left your imprint
I'm tryna read you
Read you

So read me
So read me
So read me
So read me

It's a never-ending story
That begins the way it should
Leaving bookmarks to remind me
All the pages that were good

But this dry ink
Doesn't set in stone what I think
I'm tryna read you
Read you
It's just a quick hint
On the way you left your imprint
I'm tryna read you
Read you

So read me
So read me
So read me
So read me
