Kaskade

Tire's spinning out smell the rubber  
Life's not a race  
Tell me, did you plan on winning?  
Baby take a breath, feel the moment

Woke up in a fantasy  
You next to me  
Can we make this last forever  
Baby take a breath, stay together

You got me feelin' it  
You got me feelin' it  
You got me feelin' it  
You got me feelin' it  
(Got me you got me)  
You got me feelin' it  
You got me feelin' it  
You got me feelin' it  
You got me feelin' it

Feelin' it, feelin' it, feelin' it, feelin' it  
Feelin' it, feelin' it, feelin' it, feelin' it  
Feelin' it, feelin' it, feelin' it, feelin' it  
Feelin' it, feelin' it, feelin' it, feelin' it  
Feelin' it, feelin' it, feelin' it, feelin' it

Woke up in a fantasy  
You got me  
You got me  
Can we make this last forever  
You got me  
You got me

I like it when you talk  
When you talk like that  
I like it when you move  
When you move like that  
I like it when you shake  
When you shake like that  
I like it when you push  
Girl I'll push right back

I like it when you talk  
When you talk like that  
I like it when you move  
When you move like that  
I like it when you shake  
When you shake like that  
I like it when you push  
Girl I'll push right back

You got me feelin' it  
You got me feelin' it
