

Please stop me now  
I ain't over you  
Filter to block it out  
You're powder blue  
Pulling the darkness down  
I needed something new  
A feeling to talk around  
Comfortable familiar you

You're powder blue  
You're powder blue

Tell me I was wrong  
Tell me what to do  
Maybe I cut you out  
Maybe I see this through  
No one to stop me now  
I'm over you  
Finally figured out  
You're powder blue

Please stop me now  
I'm over you  
Finally figured out  
You're powder blue  
No one to stop me now  
I'm over you  
Finally figured out  
You're powder blue

You're powder blue  
You're powder blue
