

## Save Yourself

Kaskade

I can't make you hold your world too small  
The sky is falling  
You don't know the half of all  
The circles I've been running

Save yourself  
I leave it in your hands  
I go, I go  
Save yourself  
I leave it in your hands  
I go, I go

You can't see the shapes in all  
These circles I've been drawing  
And you don't understand my hands  
Can keep the sky from falling

Save yourself  
Save yourself  
Save yourself  
I leave it in your hands  
I go, I go  
Save yourself  
I leave it in your hands  
I go, I go

You don't know the  
You don't know the  
I go, I go  
I go, I go  
I go, I go  
I go, I go  
Save yourself  
I go, I go  
Save yourself  
I go, I go
