

# Tears Don't Fall

Kaskade

I don't need a way out  
I just let it rain, rain, rain  
Make it go away  
Can't let flowers grow on my face again  
On my face

So I just let the world cry around me  
Plastic hearts and nobody's happy  
Lights go out, I'm drowning  
Oh, oh

But the tears don't fall  
The tears don't fall  
The tears don't fall  
For anyone, for anyone  
The tears don't fall  
The tears don't fall  
The tears don't fall  
For anyone, for anyone  
Tears don't fall

The tears don't fall  
The tears don't fall

Every time I catch a feeling  
I let it slip away, way, way  
No matter what you take, it's my heart  
And I won't let it break again, let it break

So I just let the world cry around me  
Plastic hearts and nobody's happy  
Lights go out, I'm drowning  
Oh, oh

But the tears don't fall  
The tears don't fall  
The tears don't fall  
For anyone, for anyone  
The tears don't fall  
The tears don't fall  
The tears don't fall  
For anyone, for anyone

The tears don't fall  
The tears don't fall  
The tears don't fall  
For anyone, anyone

The tears don't fall  
The tears don't fall  
The tears don't fall  
The tears don't fall
