

# Tell Me

Kaskade

Yeah, I noticed  
That your mind is somewhere else  
You know how I feel  
If it's wrong with you, it's wrong with me  
Can't make me you kiss me  
And tell but not tell me  
You keep it all to yourself  
It's the last so give it, 'cause it might

Late night last time  
Nobody knows the day that they die  
Even if you might make me cry  
Always gonna ask you  
Hey, what was it you're not telling me?

You can say what's on your mind  
Tell me  
You can say what's on your mind  
Tell me

I'll say this  
For you think you don't need help  
You know that it's real  
I'll be there for you if you want me to  
Can't sit here wishing you well (you well)  
It's just not me (you well, you well)  
You put it all on (it's your life)  
It's your life, so live it 'cause it might

Late night last time  
Nobody knows the day that they die  
Even if you might make me cry  
Always gonna ask you  
Hey, what was it you're not telling me?

What's on your mind?  
What's on your mind?  
You can say what's on your mind  
Tell me  
You can say what's on your mind  
Tell me  
What's on your mind?  
You're not telling me  
What's on your mind?  
You're not telling me
