

# Tight

Kaskade

In the club all night  
Seein' the end of the light  
And you gonna do it right  
If you keep it real, keep it tight  
In the club all night  
Seein' the end of the light  
And you gonna do it right  
If you keep it real, keep it tight

In the club all night  
Seein' the end of the light  
And you gonna do it right  
If you keep it real, keep it tight  
In the club all night  
Seein' the end of the light  
And you gonna do it right  
If you keep it real, keep it tight

In the club all night (In the club all night)  
Seein' the end of the light (Seein' the end of the light)  
And you gonna do it right  
If you keep it real, keep it tight  
In the club all night (In the club all night)  
Seein' the end of the light (Seein' the end of the light)  
And you gonna do it right  
If you keep it real, keep it tight

Keep it tight  
Keep it tight  
Keep it tight

Keep it real, keep it tight  
What? What? What?
