

I wanna break the rules with you
I wanna reach the sky with you
Our thoughts are silent, transparent
Only we can hear them, only we can hear them
I wanna break the rules with you

And they don't need to know about you, 'bout me, 'bout us
'Bout you, 'bout me, 'bout us
'Bout you, 'bout me, 'bout us
'Bout us, 'bout
They don't need to know about you, 'bout me, 'bout us
'Bout you, 'bout me, 'bout us
'Bout you, 'bout me, 'bout us
'Bout us

We are the start of something new
I'm gonna give my all to you
Our thoughts are silent, transparent
Only we can hear them, only we can hear them
We are the start of something new

And they don't need to know about you, 'bout me, 'bout us
'Bout you, 'bout me, 'bout us
'Bout you, 'bout me, 'bout us
'Bout us, 'bout us
