

When You're Dreaming

Kaskade

So here goes

When you're dreaming
Do you find me near
When you're dreaming
When you're dreaming
Do I whisper dear
I love you, I need you
I want you so

So tell me, my darling
I gotta know when you're dreaming
I want you, I want you so
I want you, I want you so
I gotta know
So tell me, my darling
Am I the one?

When you're dreaming
Do you find me near?
When you're dreaming
I gotta know when you're dreaming
I want you, I want you so
I want you, I want you so
I want you, I want you so

I gotta know
I gotta know
So tell me my, darling
Am I the one?
