

I Don't Go Back

Kassi Ashton

I don't cry, but if I did
There'd be an Eric Church song playin' in my car
Drivin' past the blue school doors that are faded
I'm not sad, but if I was
There'd be a ninety-seven left two-fifty drivin' away
In my head while I'm in Nashville feelin' guilty

I'ma movin' on straight ahead
Eyes on the road always does me best
I'm out the old, in with the new
Yeah, I don't go back
But if I did, it'd be to you, you, you, yeah

I don't go reminiscin'
But when I do, it's usually when I've been drinkin'
Like tonight still thinkin' 'bout you
Playin' pool in your mama's basement
I don't wanna be seventeen again
I don't go chasin' around could've been's
And I don't regret, that ain't me but if I did I know where I'd
be

I'ma movin' on straight ahead
Eyes on the road always does me best
I'm out with the old, in with the new
Yeah, I don't go back
But if I did, it'd be to you, you, you, yeah

I don't miss who I was
I'm exactly where I'm born to be now
I'm missing tears, this ain't no flood
Just a song that I can't turn down
I don't cry, but if I did, there'd be an Eric Church playin''

I'ma movin' on straight ahead
Eyes on the road always does me best
I'm out with the old, in with the new
Yeah, I don't go back
But if I did, it'd be to you, you, you, yeah
It'd be to you, you, you
