

I Don't Wanna Dance

Kassi Ashton

My boots are tapping on the two and four
Knocking up dust off this sawdust floor
I've only had one drink, but if I have one more
I might get up, I might get up

The band ain't bad for this hole-in-the-wall
Neon's flashing off an old disco ball
Hell, I ain't in the mood, but if they play the right song
I might get up, I might get up, but

I don't wanna dance
I don't wanna dance
Take a spin around the room
Let my hair down
Lost in the sound
Till my brown eyes ain't blue
I know I could be floating
By the time the bar's closing
In the arms of somebody new
But I don't wanna dance
I don't wanna dance
If I ain't dancing with you

McConaughey smooth but just rough enough
He could make the right moves, say all the right stuff
I could close my eyes for a minute or two
It might feel like your touch, but it still wouldn't be you, so

I don't wanna dance
I don't wanna dance
Take a spin around the room
Let my hair down
Lost in the sound
Till my brown eyes ain't blue
I know I could be floating
By the time the bar's closing
In the arms of somebody new
But I don't wanna dance
I don't wanna dance
If I ain't dancing with you

Don't wanna feel that beat in my chest
Reminding me of the heart you left
I don't want nobody close to mine
Baby, if it ain't yours tonight

I don't wanna dance
I don't wanna dance
Take a spin around the room
Let my hair down
Lost in the sound
Till my brown eyes ain't blue
I know I could be floating
By the time the bar's closing
In the arms of somebody new
But I don't wanna dance
I don't wanna dance

If I ain't dancing with you

I don't wanna dance

I don't wanna dance

If I ain't dancing with you
