

Crazy

Kat Dahlia

Is it crazy that I want you to stay
When I tell you to leave
When I tell you go?
Is it crazy that I say your name
More times a day
Than I say my own?
Tell me, baby, is it crazy?
Tell me, baby, is it crazy?

Is it crazy when you're gone for a minute
I'm missing you, Yeah I feel alone
Is it crazy that I'm jealous of them bitches
When they get your time
And I know it's wrong?
But, tell me, is it crazy?
Yeah, I need to know if it's crazy
Damn

'Cause I ain't been myself
Lately something's going on
Nah boy, I ain't even slept
I been up all night long
In my head
Tryna figure what I want, what I do
What I don't

Is it crazy all them answers is you?
Tell me, 'cause it's blowing my mind
Tell me, 'cause I don't understand
How someone can just walk into your life
And everything before them you forget

Is it crazy?
Tell me what's going on
I need to know
'Cause I ain't tryna lose myself
Or lose control
Baby, tell me the truth
I need to know
Is it crazy?
Baby, is it crazy?

Is it crazy that I told my ex don't call no more, 'cause I'm in love?
Is it crazy that I keep your shirt right here, just to smell your cologne?
Damn that sounds crazy
Tell me is it crazy?

'Cause I ain't been myself
Lately something's going on
Nah boy, I ain't even slept
I been up all night long
In my head
Tryna figure out what I want, what I do
What I don't

Is it crazy all them answers is you?
Tell me 'cause it's blowing my mind

Tell me 'cause I don't understand
How someone just can walk into your life
And everything before them you forget

Is it crazy?
Is it crazy? (crazy)
Is it crazy? (crazy)
Is it crazy?
Tell me is it crazy?
Is it crazy?
Is it crazy?

Well if it is, I'll just be crazy for you
Baby, 'cause it's blowing my mind
Tell me, 'cause I don't understand
How someone just can walk into your life
And everything before them you forget

I'm crazy, crazy, crazy for you [x2]
