

# Game Of Life

Kat Dahlia

(Verse)

Okay, here comes the dealer  
And he's got all the power  
Don't think that luck will lead ya  
Sure fish you'll get devoured

(Verse)

You don't know what you're in for  
It's how you play, how you score  
Stop looking down at the floor  
Don't hesitate, go get yours

(Pre-Hook)

Oh, keep your hand to your hearts  
Oh, why you're playing with sharks?

(Hook)

Play the king and blame the joker  
Don't let them know your bluff  
Don't let them call your bluff  
Oh, this is called the game of life  
It's a race 'cus I sacrifice  
Don't choose that good thing twice  
They'll cut you good like ice  
Oh, this is called the game of life

(Verse)

Here's comes your luck, suit it up  
But don't rely on it too much  
Flop, 1-2-3, royal flush  
Don't drown, watch for that river

(Verse)

For every stone exists hook  
Read faces like you read books  
Don't get caught up on that hook

Big fish and ready to cook

(Pre-Hook)

Oh, keep your hand to your hearts  
Oh, why you're playing with sharks?

(Hook)

Play the king and blame the joker  
Don't let them know your bluff  
Don't let them call your bluff  
Oh, this is called the game of life  
It's a race 'cus I sacrifice  
Don't choose that good thing twice  
They'll cut you good like ice  
Oh, this is called the game of life

(Bridge x2)

Time to bet, final hand  
Are you in, are you out?  
All chips in, all hands down

That river's high, will you drown?

(Hook)

Play the king and blame the joker  
Don't let them know your bluff  
Don't let them call your bluff  
Oh, this is called the game of life  
It's a race 'cus I sacrifice  
Don't choose that good thing twice  
They'll cut you good like ice  
Oh, this is called the game of life

That river's high, will you drown?

Okay, here comes the dealer
