

Sunny Daze

Kat Dahlia

And when you call you know I come over
No I never give my baby cold shoulder
You call me the Uber, hop in the Benz, oh
Riding down the 395 blowing endo
I got that wet, yeah, Biscayne Bay
Pull tongue, talk shit all day
Change in my bikini, too hot for jacuzzi
Play me that baby "D" to come do me
And you wake me up in the middle of the night
And you wanna pull my panty to the side
La esquinita, dame un besito
Atrás de mi cuello dale dale, weh-whoa
Pinga loco, driving me crazy
Baby no photos, but for you maybe
Now you made a mess all over my back
That's why when you call I always hit back

'Cause it's them sunny days
Mojito, vegan lasagna
Dame la manguera, I'm all up on ya
Baby we do whatever we wanna
'Cause it's them sunny days
Baby we do whatever we wanna
Sunny days
Baby we do whatever we wanna

Everybody's doing my dance
Everybody's tryna make plans
Ever since we got in
I'm not tryna put on my pants
I've been busy working on tans
Set this song goin'
Rosé spilling on the duvet
And we already been up for two days
And it's too hot, we gon' need a new spot
Guess we'll chill up on the beach by the moonlight

Everybody's doing my dance
Todo el mundo quiere hacer plans
Ever since we got in
Soda water, vodka with cran
I can't wait to get with my man
We gon' get it in
And I don't give a fuck what you say
I'm about to tat his name on my boobie
It got too hot so we hit a new spot
See our naked silhouettes in the moonlight

'Cause it's them sunny days
Mojito, vegan lasagna
Dame la manguera, I'm all up on ya
Baby we do whatever we wanna
'Cause it's them sunny days
Baby we do whatever we wanna
Sunny days
Baby we do whatever we wanna
