

# Dancing Tonight

Kat DeLuna

I wanna see you dance like no one's there.  
You're all alone and you don't care cause.  
This is your night, I let them all stay.  
You're so amazing, azing.

Baby tonight, turn the music loud.  
Cause we'll all be dancing, dancing, dancing..  
Set this floor on fire, throw your hand's higher.  
Everyone's dancing, dancing, dancing..  
We'll be dancing tonight.

Oooh I like the sound.  
I like how the music turns me out.  
Heart beating to the sound of the bass drum.  
Feet tapping to the snare on occasion.

Hold me now baby.  
Tell me we're all done with waiting.  
Don't care about conversation.  
Let me see your hands up.  
Feel your heartbeat racing.

Baby tonight, turn the music loud.  
Cause we'll all be dancing, dancing, dancing.  
Set this floor on fire, throw your hand's higher.  
Everyone's dancing, dancing, dancing.  
We'll be dancing tonight.

Music's to my system.  
I'm feeling good and baby I got a mission.  
I'm trying to turn the club out.  
Make the party run out.  
Find the little cutie-cu-cutie.  
When the club's out.

Baby tonight, turn the music loud.  
Cause we'll all be dancing, dancing, dancing.  
Set this floor on fire, throw your hand's higher.  
Everyone's dancing, dancing, dancing..  
We'll be dancing tonight.

Ooooh, oooh, ooooh.

Turn the music loud.  
We'll be dancing.  
Turn this party loud.  
We'll be dancing.

Set this floor on fire.  
We'll be dancing.  
Dancing tonight.

We'll be dancing.  
Baby tonight.  
Turn the music out.  
Cause we'll all be dancing dancing dancing.

Set this floor on fire.  
Throw your hands higher.  
Everyone's dancing dancing dancing.

Baby tonight.  
Turn the music loud.  
Cause we'll be dancing dancing dancing.  
Set this floor on fire.  
Throw your hands higher.  
Everyone's dancing dancing dancing.  
We'll be dancing tonight.

Ehhoh, eeeoh.
