

# Sometimes

Kat Graham

You're gonna let me rock it for you

Sometimes we just work  
Sometimes we need space  
Sometimes we just need to get up out each others face  
'Times I'm feelin', like sometime, were running in place  
But you really oughta know

That I would do anything for you  
If you would just stop it and be cool  
Cause sometimes I just need time to be doin' my thing  
Don't you take it so personal  
Don't I say I love you  
Don't I say I care, yeah  
Don't I say I'm with you, boy  
Fact that I'm not going anywhere

Be good, it's so good, boy I got this  
Be good, it's so good, let me rock this  
We good, it's so good, so let's drop it  
Cause I told you I ain't going anywhere

Sometimes people change, sometimes people don't  
Sometimes people live and last but I'm the kind that won't  
Sometimes it feels like sometimes we get in our own way  
But you really gotta know

That I would do anything for you  
If you would just stop it and be cool  
Cause sometimes I just need time to be doin' my thing  
Don't you take it so personal  
Don't I say I love you  
Don't I say I care, yeah  
Don't I say I'm with you, boy  
Fact that I'm not going anywhere

Be good, it's so good, boy I got this (I got this)  
Be good it's so good let me rock this (rock it rock baby)  
We good it's so good, so let's drop it (lets drop it)  
Cause I told you I ain't going anywhere

Gotta hit me with I love you, I'm standing in front  
You ain't going nowhere  
Gotta hit me when I love you, I'm standing in front  
Ain't going nowhere  
Gotta hit me with I love you, I'm standing in front  
You ain't going nowhere  
Gotta hit me when I love you, I'm standing in front  
Ain't going nowhere

Don't I say I love you  
Don't I say I care, yeah  
Don't I say I'm with you, boy  
Fact that I'm not going anywhere (I'm still here)

Be good, it's so good, boy I got this (boy I got this)  
Be good, it's so good, let me rock this (gonna let me rock it for ya)

We good, it's so good, so let's drop it (oh lets drop it)  
Cause I told you I ain't going anywhere
