

# Truth In Reverse

Kat Von D

Hearts sacred on fire  
Take me to church  
I walk the wire  
Right where it hurts  
Tell me I'm pretty  
And I would be yours  
Your lips taste like money  
The truth in reverse

Tongue cutting me up  
Love, what do you want?  
Hands cuffing them up  
You keep fucking me up, fucking me up

Give me the truth in reverse  
Like it was rehearsed  
The spell and the curse  
If telling me lies  
Keeps you by my side

Pray, the Sisters of Mercy  
I wanna be adored  
I swear that I'm worthy  
Of His crown of thorns

Tongue cutting me up  
Love, what do you want?  
Hands cuffing me up  
You keep fucking me up, fucking me up

Give me the truth in reverse  
Like it was rehearsed  
The spell and the curse  
If telling me lies  
Keeps you by my side

Give me the truth in reverse  
Like it was rehearsed  
The spell and the curse  
If telling me lies  
Keeps you by my side

Oh, I wanna be the one that takes you home  
Oh, don't wanna be the one to let you go

Give me the truth in reverse  
Reverse  
If telling me lies  
Keeps you by my side

If telling me lies  
Keeps you by my side
