

## Metal And Hell

Kat

Blindman stop  
I'll help you  
God told you only lies  
Shouted fast  
Prasing fear  
He built churches with your blood.

Metal, truth is black metal  
Metal, truth is black metal  
And Hell  
Metal, truth is black metal  
Metal, truth is black metal  
Dark as night

Blindman, night is my world  
World facing great works  
I'm here  
time has come  
For you to recognize  
How my force  
How angry shrieks  
Shrieks of sin drown cries  
Of virtuous souls, souls

Metal, truth is black metal  
Metal, truth is black metal  
Strange the fear, terror and lies  
And scream  
And scream  
I love Satan  
Six, six, six.
