Kat

More
Wanna grow
Never get less
Always more

Hide
Greedy face
Behind the trunk
Branches of gold

Grow
Only grow
Never get less
Always more

Hide
Face of a Snake
Behind the souls
You took and control

More
I see you smile
More and more

More
I see you smile
Coiling the tree
Round and round

Shine
Your eyes are shining
With pleasure of more
bloodshed and gore

More
Make them fight
Climbing the tree
Higher and higher

More
Make them fight
Climbing the tree
Higher and higher

And there is time
When the saints
Tell how to cry
Tell how to pray
Before you get crucified
