

## Defiant

## Kataklysm

Betrayer, traitor, king of nothing  
Guardian of the frail, imposter of the truth  
Your thoughts are condescending, mine are unrelenting  
You're coming for my throne, so come and get it!

And I'm defiant  
Of your lies, of your everything  
I stand defiant  
One step closer to your fall from grace

There's nothing you can do to me  
That hasn't been done before  
I'm the lion you can't tame  
The one that's feeding on your corpse

I'm from a place you call hell  
That place where you bury your fucking life

I've been running since the day you were crawling yeah  
I'm legendary, you're still digging for purpose  
Take step in the real world, so I can drop you to the floor

I'm the one you target 'cause I give you meaning  
I'm the one you hate 'cause I give you purpose  
I climbed the highest mountain, my blood has stained the floor  
You are nothing but a fraud, you meaningless coward  
Everything you claim, everything you know  
Everything you are is absolutely nothing  
Look into these eyes, what you see is fire  
What you see is real, so come and get it

And I'm defiant  
Of your lies, of your everything  
I stand defiant  
One step closer to your fall from grace

This is going to hurt  
This is going to hurt  
Open wide as I push the venom  
I am your god  
I am your god  
I am your god

I've been running since the day you were crawling  
I'm legendary, you're still digging for purpose  
Take step in the real world, so I can drop you to the floor
