

# Down the Rabbit Hole

Kataklysm

Blood for blood, an eye for an eye  
If it's war you want, it's war you'll get!

Find me down the rabbit hole  
Where dreams come here to die  
Find me down the rabbit hole  
Where conspiracies come alive

Heartless and reckless, they're tearing us down  
They point their finger at the system, but the system is theirs  
They're playing games with our minds, canceling our lives  
Crucified for speaking our minds

Can you hear me now?

Divide and conquer  
They'll take your mind; they'll take your life!  
Divide and conquer  
They'll take your soul; they'll take your everything!

Find me down the rabbit hole  
Where dreams come here to die  
Find me down the rabbit hole  
Where conspiracies come alive

Hey you, they're keeping you dumb  
They want you thinking like they think because the system is rigged  
The truth is buried in lies, they're poisoning the skies  
They deny but the streaks are alive

It's a simulation  
The system is rigged!

Welcome to the great reset  
Open your eyes, wake up  
There's no left or right  
I told you before and I'll tell you again

No one's coming, no one's coming  
No one's coming, no!  
No one's coming, no one's coming  
No one's coming to save you

Can you see it now?
