

# The Last Breath I'll Take Is Yours

Kataklysm

Run where you can't hide  
Your stabbing words of anger  
Steal my innocence dry  
Steal the sun from the sky  
I feel all of your hatred  
I see all of your weakness  
Lost in a vision

I push all of you bastards out  
I'll take all of you traitors out  
The last breath I'll take  
The last breath I'll take is yours

You can't escape your own shadow  
You can't walk backwards and see your path forward  
Every single time you broke the promise  
You looked me dead in the eyes and lied  
It's just a matter of time

You can't escape your own shadow  
You can't walk backwards and see your path forward  
Every single time you broke the promise  
You looked me dead in the eyes and lied  
It's just a matter of time

I push all of you bastards out  
I'll take all of you traitors out  
The last breath I'll take  
This last breath I'll take  
I push all of you bastards out  
I'll take all of you traitors out  
The last breath I'll take  
The last breath I'll take is yours

Is yours
