

## Vision The Chaos

Kataklysm

From the past clashes the storms  
Ascend Oh! Ancient One  
Incarnated yourself  
In darkness  
Dreams to escape  
Your pending rebirth  
On our lands  
That you slowly take possession

Blinded mortal servants  
Havoc messengers  
Sent to abobinate  
Undertaking our earth  
An evil race will reign  
Ought to be slain  
Repulsing their lives  
You control their fear

They shouldn't be drowned  
Bowel is their depths  
Of their bloody hearts  
We must unify  
To restore man's life  
To unblind their souls  
Reviving one's Faith  
Without dependence or Destroyer

Souls of the Earth  
REALISE...  
He wants Us  
They need Us  
To succeed  
TO ARISE...  
Your ideal Master established  
His covenant within your powers...  
Exhaust Souls  
Intended to be against each of you  
Now among, with the other Side...  
The Unholy forsake the realm of the demons  
Waiting for revenge

Please help mankind  
our gate connects to the outside worlds  
Engraved It is... with powerful Arcane symbols  
I) \*ARRA  
II) \*AGGA  
III) \*BANDAR  
Guarded by faith  
Lies the lords entrance of ascension

The Zonei forces protect the key  
That has been sealed by Marduk and his allies  
He who captured the Ancient Ones  
With His father  
Enki our God  
Ruler of the Elder Gods  
We were created by His breath

And the blood of the slain  
Evil defeated Kingu  
Imprisoned in their lost domain

Why break the seven seals?  
That vanquished the lords of hell  
And blaspheme the death of your lives  
Because... Their achievements are clear

Vision the Chaos

(Human Vision)  
(Demons Vision)

Destruction of nature  
Oppression in rapture

Confusion of the terrains  
Transition of demons

Fear in souls  
Near my goals

Chaos and hunger  
Fiends of terror

Pleasure of pain  
Seizure and reign

Wrath and anger  
Regain power  
Cessation of the mortals  
Termination of the mortals

Possession by the false master  
Obsession by the true master

Perilous downfall  
Infamous of all

Decline of civilization  
The sign of annihilation

Upcoming devastation  
Impending demolition

Martyr, torture, surrounds us near

Tha Cataclysm  
Vision KATAKLYSM  
Their KATAKLUSMOS

Cycle of our lives interrupted  
Invasion of our earth  
Demons are what they are  
From the Ancient eternal past  
And We from the Elder Gods  
Must keep our faith  
To rebel in belief  
Soerupt the feelings  
Of your lonely hearts  
Before, it is too late  
Vision broke the Chaos
