

## No Devotion

Katatonia

i've turned down all devotion  
i'm so far from being here  
can't bring forth more power  
than i have already done

tonight i'm trying  
and i see all dread in me

but then i lose again  
all hope of being someone  
this lack of devotion  
will put me to an end

so if you want to save me  
and stop me when i run  
just tell me that i'll have now  
a day less to live when i'm done
