

I'm on the road from Jan through Jun
I got a full schedule
Situations critical
Dipping on my six week clothes
Aoeteroa I miss your smile
Mama I miss you
I keep feeling you calling me back to you
Keep it on up
Keep it on top
Keep it 100 mama you
Can't thank you enough for raising me up
And there's not much you carry me through
Keep it on up
Keep it on top
Keep it 100 mama you
Can't thank you enough for raising me up
And there's not much you carry me through
Jamie's all good
Papas good
I wanted to link you to tell you we miss
you...mama
How's Albi Junez
I miss your food
I wanted to buzz you to tell you we love mama
Tell the girls we love them
Out here making fire live
Tell the boys we miss them
And tell them to protect their pride
Aoeteroa I miss your smile

Mama I miss you
And I keep feeling you calling me back to you
Keep it on up
Keep it on top
Keep it 100 mama you
Can't thank you enough for raising me up
And there's not much you carry me
Keep it on up
Keep it on top
Keep it 100 mama you
Can't thank you enough for raising me up
And there's not much you carry me through
Jamie's all good
Papas good
I wanted to link you to tell you we miss
you...mama
How's Albi Junez
I miss your food
I wanted to buzz you to tell you we love you
mama
We out here pushing these roots
And I know I've been gone for so long
I'm out here spreading the truth
And I can't wait till I'm on my way home
Dipping on my six week clothes
Appreciation mama
I have a full appreciation
