

# Groove Again

Katchafire

I know, know know know know  
Know you, you you you you  
You see, see, see, see, see  
Right through me, me, me, me

And it's makin me  
Want you when you move  
Honey when you breathe  
honey when you're takin me. takin me  
And I Want you when you move  
Honey when you breathe  
honey when you're takin me in

Making me  
Want you when you move  
Only when you breathe  
honey when you're takin me. takin me  
And I want you when you move  
Honey when you breathe  
honey when you're takin me in

When the DJ drops  
You can make it to the groove again  
Wanna see them drop knots  
Go over to the groove again groove again

When the DJ drops  
You come over to the groove again  
Wanna see them drop lots  
Go over to the groove again

I know, know know know know  
Know you, you you you you  
You see, see, see, see, see  
Right through me, me, me, me

And it's makin me  
Want you when you move  
Honey when you breathe  
honey when you're takin me. takin me  
And I Want you when you move  
Honey when you breathe  
honey when you're takin me in

Making me  
Want you when you move  
Only when you breathe  
honey when you're takin me. takin me  
And I want you when you move  
Honey when you breathe  
honey when you're takin me in

When the DJ drops  
You can make it to the groove again  
Wanna see them drop knots  
Go over to the groove again groove again

When the DJ drops  
You come over to the groove again  
Wanna see them drop lots  
Go over to the groove again

I go, go, go, go  
Go through through through through  
These feeeeelings  
I hope you love me too

Making me  
Want you when you move  
Only when you breathe  
honey when you're takin me. takin me  
And I want you when you move  
Honey when you breathe  
honey when you're takin me in

When the DJ drops  
You can make it to the groove again  
Wanna see them drop knots  
Go over to the groove again groove again

When the DJ drops  
You come over to the groove again  
Wanna see them drop lots  
Go over to the groove again

When the DJ drops  
You can make it to the groove again  
Wanna see them drop knots
