

Human Bonding

Katchafire

Human bonding, relations
Is he ever gonna get her to be wanting to trade
Free kisses and if it feels only better
Then a munting, gyrating and if she's a go getter
Singing oh yeah
Gonna catch you right on there baby
Get yourself a fishing line, some baits and hooks Lots of
hooks, hooks, cause you wanna get many girls
Then you put you're friendly on and play the looks Play
the looks, looks what you got on your hooks, hooks
Says touch or look
When you think of all those times you paid to look Paid
to look, look and watch your wallet get emptier
Now you invest all your dime in baits and hooks
Read the looks, looks
What you got in your hooks, hooks say touch or look

Call you hear me calling
Telepathing good vibes to you
Them all are saying wanna be in the phone with you
If you let me, then I'll make you
Wine and dine
I'll even pull your chair back, make you feel fine
I put you back in your sack girl, if you let me
Then I'll make you
I'll even pay your cab fare home
