

Dreams Before

Kate Bollinger

I had, I had dreams before
I had dreams before, but they never did come true

I had, I had goals before
I had goals before, but I never got around to do them

I had, I had loves before
I had loves before, but it never was quite like that

I wanted, I wanted more before
Grasping hands, crawling on the floor
But I never felt so relaxed

I want it finally (want it finally)
I want it finally (want it finally)

I had, I had lost before
I had lost before, but I didn't wanna lose again

I had, I had goals before
I had goals before, but I never got around to do them

I had, I had dreams before
I had dreams before, but I never felt quite like that

I wanted, I wanted more before
Grasping hands, crawling on the floor
But I never felt so relaxed

I want it finally (want it finally)
I want it finally (want it finally)
