

Sweet Devil

Kate Bollinger

I'm the sweet devil
I can let you free to hate me forever
I'm just the sweet devil
I'll leave, but you know I care

I've cried a thousand times for you
Now I'm done
And you say I'm cold
We've died a thousand times in my mind
So I'm done
Mourning you and me

Sweet devil
I can let you free to hate me forever
I'm just the sweet devil
I'll leave, but you know I care

I've cried a thousand times for you
Now I'm done
And you say I'm cold
We've died a thousand times in my mind
So I'm done
Mourning you and me
