

# Helen

Kate Ceberano

Helen has eyes as dark as blackend pans  
Shell read your tea-cups and the palms of your hands  
she's got this humor that plays havoc with her mouth  
You may think she's present but her mind, is travelling south  
she's very sexy in an urban kind of way  
She loves her coffee her cigarettes and her cafes

Helen vous ete plus tres femme  
Helen vous ete plus tres femme

Now Helen claimed she was a witch when she was five  
This self confession came as no surprise (as no surprise)  
Her mother said that she was mysterious (oh yeah)  
We never really took her serious (aahhh)  
And then one day when we were walking down the street  
Helen just vanished this was a habit she'd repeat

Helen vous ete plus tres femme (ohh mysterious)  
Helen vous ete plus tres femme (simply more than the average wo  
man)  
Helen vous ete plus tres femme (ohhh)  
Helen vous ete plus tres femme (yeah)

Now Helens girlfriends are few and far between  
and on the rare occasions she lets them in  
Im glad to be considered a kindred soul  
But what she really thinks of me, hey I'll never know

Helen vous ete plus tres femme  
Helen vous ete plus tres femme (you are mysterious yeah)  
Helen vous ete plus tres femme (youre gorgeous  
Helen vous ete plus tres femme (I love this song it's so stupid  
)  
Helen vous ete plus tres femme (You are so mysterious)  
Helen vous ete plus tres femme (gorgeous)
