

## Pash

Kate Ceberano

Pash between the lines honey read my lips  
Can you read my mind dig my finger tips  
I really like to just hang around  
Crawl back into bed where it's nice and warm

Luck fell in my lap when you walked my way  
Part of your tender trap  
Yes I'm willing prey  
I really love to speak in tongue crawl into your mouth  
That's where I belong, passionate kisses  
Kiss me, kiss me, kiss me

Ooh ooh ooh  
I'm on fire when you love me  
Kiss me pash me, bradley  
Pash me, pash me, pash me

Pash beneath the signs of a neon mall  
Lost between the now and the human sprawl  
We really love to just hang around  
Even if there's nothing really happening

Passionate kisses  
Kiss me, kiss me, kiss me

Ooh ooh ooh  
Cause I'm on fire when you love me  
Kiss me pash me, bradley  
Pash me, pash me, pash me  
Ooh ooh ooh  
Yes I'm on fire when you love me  
Kiss me pash me, bradley  
Pash me pash me pash me

Now I don't want to tame this illicit urge  
There's this part of me that's just got to splurge  
I really like to just hang around, come back into  
Bed babe, turn off the phone  
Passionate kisses  
Kiss me, kiss me, kiss me  
Ooh ooh ooh  
Cause I'm on fire when you love me  
Kiss me pash me, bradley  
Pash me, pash me, pash me
