## Young Boys Are My Weakness

## **Kate Ceberano**

Young boys are my weakness I just like their sweetness

Hey boys let's mess around I wanna party with you on the town Some boys really make me swing There ain't nothin' like a pretty young thing Young boys are really mellow You don't believe me then just try this fellow (I know what to say when they call me on the phone) You call me back when your momma ain't home

Young boys weakness I just like their sweetness

Hey boys let's mess around I wanna party with you on the town some boys really make me swing There ain't nothin' like a pretty young thing

Young boys are my weakness I just like their sweetness (pretty young thing what ya gonna do?) I just wanna get me hands on YOU

Young boys you make me move Young boys you set the groove Young boys taste as sweet as honey Don't taste as good as my money

Young boys are my weakness I just like their sweetness ...
