Shadows and Light

Kate Earl

Babe, if you want to be free
I can't keep you here with me
If you have to go away

But I think you should know
When you're out on your own
That you' will find that you'll make a mistake

Fear that you feel is not real
It's an illusion that will soon disappear
In my arms

Shadows and light, day and night
In the darkness I'll be there, by your side
Come back home

I used to think, if I found
Something different, something new
That I wouldn't be afraid

So I moved, changed my hair
Got some brand new clothes to wear
But deep down, I still felt the same

Fear that you feel is not real
It's an illusion that will soon disappear
In my arms

Shadows and light, day and night
In the darkness I'll be there by your side
Come back home
Come back

Baby you could come back home
You don't have to be alone
Come back home
Doesn't matter where you go
I know you're out there on your own
Come back home
