

# Happy Sad

Kate Havnevik

Living loudly  
Dreaming screams as alive  
Without boundaries  
Only fear of survive

Present tense  
Now is breathing out time  
Inconsequences  
Drown in search of the high

The twilight is gone  
The night's so long  
Where do we belong?  
It's a beautiful time

Delusions pale  
Confusions fail  
Hits you in the face  
It's a beautiful time for

Love and disappointment  
Hand in hand  
Searching for answers  
It's a beautiful time to be happy sad

Expectations  
Fade like old photographs  
Desperation  
Catching up with your life

Who will be here  
When reality bites?  
Summer sadness  
Creeping up from behind

The twilight is gone  
The night's so long  
Where do we belong?  
It's a beautiful time

Delusions pale  
Confusions fail  
Hits you in the face  
It's a beautiful time for

Love and disappointment  
Hand in hand  
Searching for answers  
It's a beautiful time to be happy sad

Soothing hands on fumbling  
Soothing hands becoming and stumbling

The twilight is gone  
The night's so long  
Where do we belong?  
It's a beautiful time

Delusions pale  
Confusions fail  
Hits you in the face  
It's a beautiful time for

Love and disappointment
