

# Never Got Back

Kate Havnevik

Why do you hide? What's inside when I'm around?  
I want to know what goes on in your wicked mind

You never got back to me  
You never got back to me  
No, you never got back to me  
So I never got back to you

I do not understand  
Why don't you take a chance  
Open your eyes and learn to love

You always stare, but you don't dare to get close  
Why do you destroy what you need, and who you love

You never got back to me  
You never got back to me  
No, you never got back to me  
So I never got back to you

I do not understand  
Why don't you take a chance  
Open your eyes and learn to love

Never got back  
Never got back

You never got back to me  
You never got back to me  
No, you never got back to me  
So I never got back to you

I do not understand  
Why don't you take a chance  
Open your eyes and learn to love

I do not understand  
Why don't you take a chance  
Open your eyes and learn to love
