

# Space Ark

Kate Havnevik

While the earth sleeps  
While the earth it's turning  
Ride the world ship  
Dive for pearls  
Take the A train  
Past the quasars  
Ride the space ark  
To the stars

Run away, run away, run away, run away closer  
Run away, run away, run away, run away home  
Run away, run away, run away, run away closer  
Run away, run away, run away, run away home

Sail dark ocean (sail dark ocean)  
Bathe in moon bath (bathe in moon bath)  
Tail the lodestar (tail the lodestar)  
From our womb  
We're floating lentless (we're floating lentless)  
And en-route on  
To Atlantis (to Atlantis)  
Version two

Run away, run away, run away, run away closer  
Run away, run away, run away, run away home  
Run away, run away, run away, run away closer  
Run away, run away, run away, run away home

Must be another world, mmh-hm  
Is there another world? Mmh-hm  
Must be another world, mmh-hm  
Is there another world?
