

## Fatty Gets A Stylist

Kate Miller-Heidke

Fatty

I'm gonna get eyes tattooed to my eyelids  
I'm gonna get teeth tattooed to my lips  
A medal on my chest  
A mouth behind my neck  
I'll get extra legs tattooed to my hips

When fatty gets a stylist the world with gather round  
Showering him with gratitude and free love  
When fatty gets a stylist you'll never keep him down  
So eat up

I'm gonna get hold of Eldo and Kita  
I'm gonna get an all uranium tie  
A chastity belt  
Made out of felt  
Horns on my forehead and scars on my thighs

When fatty gets a stylist the world with gather round  
Showering him with gratitude and free love  
When fatty gets a stylist you'll never keep him down  
So eat up

Fatty

Fatty gets a stylist

I'm gonna add moles instead of remove them  
I'm gonna cut off the lobe of each ear  
Put hooves under my feet  
So I can keep the beat  
A woofer and a tweeter in my jaw so I can hear

When fatty gets a stylist

When fatty gets a stylist the circus comes to town  
Begging him for autographs and pre-nups  
When fatty gets a stylist the calories abound  
So eat up
