

# Death Proof

Kate Nash

You can spend your whole life  
Getting down on one thing  
You can waste all your time on one idea  
You can get your little brain  
Into one big mess  
But what you gonna do now, baby, when it all caves in?

Burn, burn, burn my heart baby  
Take a piece cause I don't need all of it  
Don't have time for your cruel ways  
And I ain't wondering 'bout numbered days  
Cause...  
I don't have time to die

Doctor, doctor  
My temperature is rising  
My heart is beating right out of my chest  
Tell me, tell me doctor  
That you can get rid of it  
Let me keep what I need  
And you can burn the rest  
Cause...  
I made a deal with death

Burn, burn, burn my heart baby  
Take a piece, yeah I don't need all of it  
Don't have time for your cruel ways  
And I ain't wondering 'bout numbered days  
Cause...  
I don't have time to die

Burn, burn, burn my heart baby  
Take a piece, yeah I don't need all of it  
Don't have time for your cruel ways  
And I ain't wondering 'bout numbered days  
Cause...  
I don't have time to die  
I don't have time to die  
I don't have time to die
