

Lover Boy

Katelyn Tarver

I thought my searchin' for that special one
Was over
When I met you
It was really hot and real for a while
Then I wondered
What did I do?
Tossin' turnin'
Losin' sleep and [?] too
I gotta get this vibe to you

Go feed your ego
This girl has let you go

Lover boy
You know you had a good thing
Uh-huh mm mm
My baby boy
You know you had a sweet thing (sweet thing)
Lover boy
You know you had a good thing
Mm mm mm
My baby boy
You know you had the real thing

Drivin' in the [?]
Knowin' that we had the vibe
I caught girls
Lookin' at you
You were so sly
You fooled me for a while
I caught you lookin' back at them too
Then I realized
You just had a problem
You just couldn't be true

Go feed your ego
This girl has let you go

Lover boy
You know you had a good thing
Uh-huh mm mm
My baby boy
You know you had a sweet thing (sweet thing)
Lover boy
You know you had a good thing
Mm mm mm
My baby boy
You know you had the real thing

Lover boy
You know you had a good thing
Uh-huh mm mm
My baby boy
You know you had a sweet thing (sweet thing)
Lover boy
You know you had a good thing
Mm mm mm

My baby boy
You know you had the real thing
