

Young

Katelyn Tarver

Spilling wine on the carpet
In your Melrose apartment
Caught up in the emotion
Go back just for a moment
Making out on your sofa
Bought yourself a Toyota
Falling with our eyes open
Feel it just for a moment

Lately I been looking back debating
If we made it complicated
Or if this is just life
Life
Lately I've been walking on a wire
Know nostalgia is a liar
But I still miss those nights
Nights

Baby, I just wanna be young (I just wanna, I just wanna)
Young (I just wanna, I just wanna)
Forever with you (I just wanna, I just wanna)
You (I just, I just, I just)
I just wanna be young (I just wanna, I just wanna)
Young (I just wanna, I just wanna)
Forever with you (I just wanna, I just wanna)
You (I just, I just, I just)

I'm still wearing your jacket
You can still make me laugh when
When we dance in the kitchen
Go back just for a minute
You know all of my secrets, I know all of your demons
You still say you love me and I know you mean it
That don't mean I can't miss it
Feel it just for a minute

Lately I been looking back debating
If we made it complicated
Or if this is just life
Life
Lately I've been walking on a wire
Know nostalgia is a liar
But I still miss those nights
Nights

Baby, I just wanna be young (I just wanna, I just wanna)
Young (I just wanna, I just wanna)
Forever with you (I just wanna, I just wanna)
You (I just, I just, I just)
I just wanna be young (I just wanna, I just wanna)
Young (I just wanna, I just wanna)
Forever with you (I just wanna, I just wanna)
You (I just, I just, I just)
(I just wanna, I just wanna)
(I just wanna, I just wanna)
(I just wanna, I just wanna)

(I just, I just, I just)

Lately I been looking back debating
If we made it complicated
Or if this is just life
Lately I've been walking on a wire
Know nostalgia is a liar
But I still miss those nights

Baby, I just wanna be young, young
Forever with you, you
I just wanna be young, young
Forever with you, you

(I just wanna, I just wanna)

(I just wanna, I just wanna)

(I just wanna, I just wanna)

(I just, I just, I just)
