

# Sunshine

Katerine Duska

I've been holding a heart so broken  
Though never spoken that way  
Something changed as my darkness faded  
My tears stopped coming in waves  
And a light so bright it burns  
My eyes for the first time  
My sun rises, the start of something  
Not just the end of my night

Wanna feel the sunshine  
Tingling all on my skin  
Missing it a lifetime  
Now just wanna feel the sunshine in

Sunshine (let the sunshine in)  
Sunshine in (let it in)  
Sunshine (let the sunshine in)  
Sunshine in (let it in)  
Feels so right  
In the sunshine  
So alive  
With the sunshine in

Dots connecting, my heart's rejecting  
The mess my head was before  
I wanna let go, don't wanna go slow  
Feel my body whole

Sunshine (let the sunshine in)  
Sunshine in (let it in)  
Sunshine (let the sunshine in)  
Sunshine in (let it in)  
Feels so right  
In the sunshine  
So alive  
With the sunshine in

Sunshine  
Sunshine in  
Sunshine  
I just wanna feel, wanna feel, wanna feel it  
Let it in

Feels so right  
In the sunshine  
So alive  
With the sunshine in

Feels so right  
In the sunshine  
So alive  
With the sunshine in  
(With the sunshine in)
