

Blue Fields

Kathryn Williams

Blue fields blue fields
Seeds that I've never seen are growing
Leaves that I've never seen are showing
In the blue fields blue fields
Fish that I've never seen are swimming
Selfish people are now giving in the
Blue fields blue fields

Dandelion seeds are flying up in the air
Birds are running across the grass
Dandelion seeds are showing us the time
While worms show their faces at last

Blue fields blue fields
Seeds that I've never seen are growing
Leaves that I've never seen are showing
Fish that I've never seen are swimming
Selfish people are now giving in the
Blue fields
Blue fields
