

Chance Of A Lifetime

Kathy Troccoli

All your life
You've been locked inside
Waiting for your dream come true
But it's finally here
Like a new frontier
Now you're not so sure
It's for you

Consider the choice you're making
You could be throwing away
A chance of a lifetime
A chance of a lifetime
Take a chance
On a chance of a lifetime
Chance of a lifetime

Moving slow
'Cause your feet get cold
When you fell like
The stakes are high
You're insecure
'Cause you're so unsure
Should you leave
All you know behind?

Consider the door you shut, oh
You just might be passing on
A chance of a lifetime
A chance of a lifetime
Take a chance
On a chance of a lifetime
Chance of a lifetime

This
This could be
A chance of a lifetime
Take a chance
A chance of a lifetime
A chance of a lifetime
Take a chance of a lifetime
Take a chance of a lifetime
